CAPABILITIES

Why TFSMS?

- **1995 TFSP (Total Force Structure Process)**
  - *Recognized need for integrated planning, development, and implementation of optimal Marine Corps force in terms of structure & equipment*
  - *Allocated available resources against requirements (T/L, ASR, and EAF).*
- *TFSP Problem*
  - *Increasingly complicated manipulation of paper and legacy system inputs and outputs.*
- *TFSP Solution*
  - *Ability to effectively integrate all decision-making pertaining to active, reserve, and civilian billet requirements and equipment*
